Erwin Wodarczak (UA) and Krisztina Laszlo (RBSC) will present about the scope of the holdings, and how to use the finding aids and guides for each of these units.

Some materials selected for Group I will be kept behind the circulation desk so that people from Group I can look at from 2:30-4:00. We would encourage all BC Breath of Life participants to return to RBSC & UA when they have free time to do more in depth research.

The rest of the afternoon is **FREE TIME** so that you can explore whichever repositories and collections you may want to spend more time with. 😊

**Come to the Longhouse** for an evening of cultural sharing...  
a time to come together to share your languages and songs, stories,  
laughter...

Have a wonderful evening!
